## Naming Conventions

**images Folder**A subfolder named **images** is required.**Files**

All file names follow the course's naming conventions.

## HTML Document

**W3C HTML  
Validation**

No HTML validation errors were found. Use the link below to check for warnings or other useful information.

[HTML Validation Service Report on w3.org](https://validator.w3.org/nu/?doc=https://chengeshumba.github.io/wdd130/index.html)**<doctype>**

An HTML5 doctype is required and is the first line of the document.

**<html>**An all enclosing **<html>** element is required and a **lang** attribute must be applied to the opening **<html>** tag.**<head>**An enclosing **<head>** element (with opening and closing tags) must exist inside the **<html>** element and must come before the **<body>** element.**<body>**An enclosing **<body>** element (with opening and closing tags) must exist inside the **<html>** element, appear after the **</head>**, and before the **</html>** closing tag.

**lowercase  
HTML tags**

It is best practice to use lowercase for all HTML tags.

**HTML  
attribute  
spacing**

It is best practice to have no spaces around the equal sign in attributes, e.g., `<html lang="en-US">`

## <head> Elements
